Figure 12

FIG. 13 is a perspective view of the device 110, showing the top surface 112, the side surface 114, and the bottom surface 116. The device 110 is a rectangular block with rounded corners and a series of rectangular openings 118 along the top surface 112. The side surface 114 is smooth, and the bottom surface 116 is also smooth. The device 110 is shown in a perspective view, with the top surface 112, the side surface 114, and the bottom surface 116 clearly visible.
